8-Year Total:	126,800	2,280	129,080
Combined			
8-Year Total:	396,200	9,676	405,876

Note that this table only represents YRLSP biocontrol releases made in Moffat and Routt counties, using insects acquired from outside of the Yampa Basin. It does NOT include biocontrol that was harvested and then re-released within the basin, nor does it include biocontrol releases made in Rio Blanco County, or the Uintah County, Utah, portions of Dinosaur National Monument.
